**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the specification**

paragraph 01 lines 3-4, " , which claims priority to French Application No. 01/00280, filed 04 January 2001" has been deleted to eliminate the improper cross-reference to a foreign application.

2. The following is an examiner's statement of reasons for allowance: The prior art of record and especially EP 0 675 223 A1 disclose examples of the prior art multi-layer wire cable similar in structure to the claimed cord but without all of the characteristics required by the claims including the requirement that  $5.3\pi(d_0+d_1) \times p_1 \times p_2 < 4.7\pi(d_0+2d_1+d_2)$ . As to claims 12-37, the tire and fabric claims incorporate all of the limitations of the claims to the multi-layer cable and therefore are allowable for the same reasons as noted above for the cable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Adrienne C. Johnstone whose telephone number is (571)272-1218. The examiner can normally be reached on Monday-Friday, 10:30AM-7:00PM.
